Weaning with *FerAppease*®

DOSAGE RATE: Apply a Total Dose of 10cc
5cc on the muzzle + 5cc behind the poll.

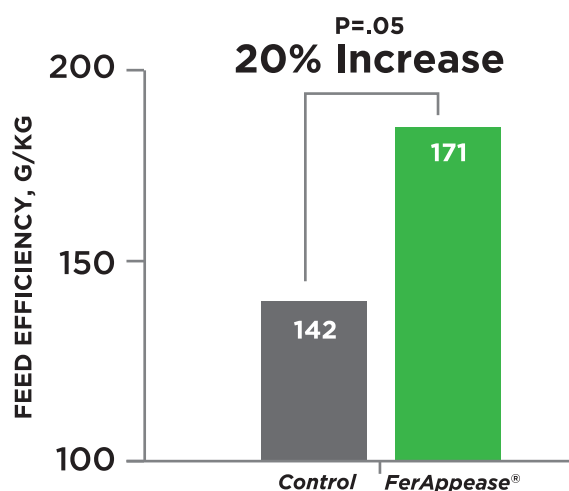

Preconditioning with *FerAppease*®

By reducing stress,
FerAppease® puts
calves on feed faster.

Calves that eat more, weigh more.

Increase Feed Efficiency with *FerAppease*®

Cattle that are stressed
break down muscle
tissue to provide energy
to “fight or flight”.
Chronic exposure to stress
leads to muscle wasting
and inefficiencies in feed
conversion.

***FerAppease*® drops stress, making your
cattle more productive and more efficient.**

***BOTTOM-LINE:
FerAppease*® puts the
pounds on your calf.**
